Dear residents,

What we initially thought was a water service interruption that was affecting certain areas of the community has necessitated the temporary shutdown of our water system.

Our crews are working expeditiously to have this line break fixed and water service restored as soon as possible.

When the water supply is restored please be advised that we will be under a Boil Water Advisory and our office will provide additional updates as we receive them from the on-site contractor.

Kind regards,
FHS UTILITIES
